W. & O. R. R.—The annual general meeting of the stockholders of the Washington and Ohio Railroad Company was held at the office of the company in this city to-day.

Major Wm. D. Nutt was called to the chair and R. Johnston, esq., clerk of the company, acted as secretary. After the calling of the roll, a committee on

proxies, was appointed, consisting of Messrs. Andrew Jamieson, John M. Orr and Reuben The committee retired and after a short time

returned and reported 1,150 shares represented, largely more than a quorum.

President McKenzie, presented his annual report and that of the superintendent, as fol-

TO THE STOCKHOLDERS: We now submit the Annual Statement of the Tressurer for the fiscal year ending with the 30th of September, 1877, with his general account of the receipts and expenditures of the ment of taxes and was informed that he must company from its commencement to the same date. The report of the General Euperintendent is also submitted herowith. The receipts for the lises year end-

ing 30.h September, 1876, were.... \$101,639 66 And the expenses for the same time

The falling off for 1877 was from passengers alone, being \$39,471.83 in 1877, against \$14,-

890 31 in 1876. The last harvest was a good one, and we may confidently look for increased receipt: from that source during the year ending 30th Sept., 1878. The road is in good condition, as will appear com the report of the General Superintendent. We need another freight engine as soon as it

esa be procured. It is proper to state to you that two suits in chancery were instituted against this company in the United States Court at Richmond—one in the name of Heary Lewis, &c.; the other in the name of Heary S. McComb, &c. This litigation originated in the assertion of comptninants' demands for reimbursament of advances made under the contract of 2d July, 1869, on which sub-

plaintiffs elected to dismiss also the suit of H. S. McComb, &c., in the United States Court. So with slow sales and a lower market. Cows and that the present suit in the Circuit Court of Richmond is the only cause now pending be-

tween these parties and the company.
In the suit in the United States Cour that in the State Court, injunctions were grantfor sumplies or services.

The complainants in the suit in the Richmond Circuit Court made application for the appoint. ment of a Receiver, which application the court refused, and continued this company in the hands and management of its present officers; but he required it to render to one of the com- to hear of so fit a selection by the House.' missioners of the court a monthly report of its receipts and expenditures, which has been regularly done

In the e suits one object of the complainants has been to obtain a priority of lien over the holders of the bonds of the Washington and Ohio Railcoad Company. The interests of these bondholders will be protected to the utmost of the company's ability.

But for the demand of the plaintiffs, and the liabilities accruing from the connection with these parties, it is believed that the not income of the company would suffice to pay its annual hisbilities, while its franchises and property would be an ample socurity for all its indebtedness, and a basis for a gradual but steady exten-

sion of its read. Prior to the institution of these suits extraordinary efforts were made, at home and abroad, to negotiate the bends, but the times have been unfavorable for all such negotiations. This, however, cannot always be the case. Four years have been all such negotiations. has occurred. In conclusion, the Board make this sugges tion, which they think the net annual receipts will fully warrant, viz: Let whatever there may be due to the associates be scaled, as well as the bonds of the company actually sold and now outstanding, at fifty cents in the dollar, the floating debt, in consequence of the heavy amount of cellarterals, in bonds, held for it, to be paid at par in new six per cent. mortgage bonds of the company; and if the parties to whom it is owing will not consent to this, let their paper be renewed and paid off as fast as the means of the company will warrant; the creditors of this class being secured by the new bonds as collaterals at

This being agreed to by all parties, of course the bonds issued under previous mortgages will be cancelled, and a newsix per cent. bond issued to an amount sufficient to complete the line to Winchester. If this new bond shall be sold, the extension of the road to that place, and ulti-

mately to the coal fields, will be assured. The value of this road has not been over-estimated by its friends. The arguments hereto-fere urged in behalf of its prosecution apply new with double force, by reason of the great reduction in the price of labor and materials, which is likely to continuo for several years at

We sek the attention of the stockholders to the tables of articles constituting the freight business of the road during the past year. It will be found interesting to them from the vari-

ed nature of its contents. I desire again to express my sense of the faith ful and efficient discharge of their respective duties by the General Superintendent and other officers of the company, during the year.

Respectfully submitted on behalf of the oard of directors LEWIS MCKIEZIE. poard of directors Alexandria, Nov. 3, '77. President

IMPORTANT SUIT. - A question of considera ble interest will be argued before Judge Keith of the Circuit Court to morrow. Mr. Wm. H. Irwin has petitioned the judge for an injunction to restrain the City Tax Collectors from stopping his rents, for taxes due. He recites that he has in his possession coupons of the city bonds, which he purchased from parties in Washingment of taxes and was informed that he must pay a tax of two per cent. on them, and forfeit the reduction offered for prompt payment, in current funds. This he declines to do, and now prays for on injunction to prevent the levy on his rents. The application will be argued by S. F. Beach, e.q., for the plaintiff, and C. E. Stuart, eq., Corporation Attorney, for the collectors, The suit levelves the right of the city to tax its e upons and to discriminate against them in the payment of taxes.

THE CANAL -- Beats have commenced to arrive from Cumberland, but are only coming in slowly. About twenty arrived yesterday at Georgetown.

The damage done to the cutlet lock by the break on the 30th of May last has been nearly repaired, and it is expected it will be in work-

ing order in two weeks. The president of the Chesapeake and Ohio Uanal Company, Mr. A. P. Gorman, in company with the remaining members of the board of directors, started to day in the company's steam packet, Maryland, on a tour of inspection along the canal from Georgetown to Cumberland. They expect to reach Cumberland Saturday.
